

Dickinson County Plan for Re-Opening Ver. 6-25

By order of the Dickinson County Health Officer,

The Kansas “Stay Home” order has been cancelled and this document has been prepared to offer guidance on a safe, phased in, reopening of Dickinson County. We must continue to take measures to ensure the safety of our most vulnerable and continue to ensure our healthcare resources are not overburdened. The Dickinson County Health Department and County Health Officer have adopted four “phases,” each of which represents a different level of guidance to help save lives and reduce transmission of the COVID-19 virus.

We understand that restarting economic activity is one of our county’s priorities at this time along with keeping our community safe and limiting the spread of COVID-19. This is a critical time to be thoughtful and careful about reopening Dickinson County. We do not want to have to return to a “Stay Home” order and believe that a safe, phased in approach will allow Dickinson County to accomplish this goal.

On the 26th day of May, 2020, Kansas Governor Laura Kelly announced that the Ad Astra order will no longer have the force and effect of law and the Counties would thenceforth be responsible for issuing any further public health orders to manage the outbreak in their local jurisdictions.

Any amendments made in this order that differ from the previous orders are highlighted.

GUIDING PRINCIPLES TO BE FOLLOWED THROUGH EACH PHASE

- State restrictions must allow for the actions included in each phase.
- To move from one phase to the next, all state defined criteria must be met.
- When able, staying home is recommended.
- Social distancing measures should continue to be followed:
 - Stay 6 feet away from others
 - Interact only with people of the same household when possible
 - Limit non-essential travel
- Masks recommended to be worn in all public places.
- Practice good hand hygiene by washing hands with soap and water or using hand sanitizer frequently.
- Avoid touching your face, mouth, nose, or eyes.
- Symptoms of COVID-19 include (but are not limited to) fever, cough, shortness of breath, sore throat, headache, chills, aches, fatigue, loss of smell or taste, nausea/vomiting, diarrhea, **runny nose and nasal congestion**.
- Businesses, organizations, or facilities may have stricter regulations than what are listed below but may not have less strict regulations.
- Vulnerable/High risk individuals and senior citizens should stay home as much as possible. They should stay in contact with their health care provider. They should not congregate with others who are not members of their immediate household. These persons should consider the feasibility of working from home and taking all precautions indefinitely to minimize their exposure.
- **As of 6-25-2020, keeping a log of customers is no longer mandatory.**

	Phase 1.5 – May 18, 2020	Phase 2 – May 29, 2020 earliest date possible	Phase 3 – June 8, 2020 earliest date possible	Phase 4 – June 26, 2020
Mass Gatherings Limitations	10 or less	No restrictions (50+ attendee logging required)	No restrictions (50+ attendee logging required)	No restrictions No attendee logging required
Essential Businesses	<ul style="list-style-type: none"> • Screen employees(s) for fevers and/or illness with a questionnaire at workplace entrance • Recommend employees wear masks at all times unless prohibited by other safety equipment • Move workspaces 6 feet apart • Common areas, such as breakrooms and lobbies, should be closed • Telecommuting/Working from home should be maximized 	<ul style="list-style-type: none"> • Screen employees(s) for fevers and/or illness with a questionnaire at workplace entrance • Recommend employees wear masks at all times unless prohibited by other safety equipment • Move workspaces 6 feet apart • Common areas can be reopened • Telecommuting/Working from home should be maximized 	<ul style="list-style-type: none"> • Screen employees(s) for fevers and/or illness with a questionnaire at workplace entrance • Recommend employees wear masks at all times unless prohibited by other safety equipment • Move workspaces 6 feet apart • Common areas remain opened • Telecommuting/Working from home is still encouraged 	<ul style="list-style-type: none"> • Screen employees(s) for fevers and/or illness with a questionnaire at workplace entrance • Maintain workspaces 6 ft apart • High risk individuals should continue to social distance or work from home when possible/practical • STRONGLY RECOMMEND ALL EMPLOYEES WEAR MASKS
